### D. PATIENT DECLARATION

By signing below, I hereby give permission for, acknowledge and/or agree to the following:

- My (or my minor dependant's) doctor may provide clinical information regarding my/minor's condition to the PBM Team;
- Any information concerning this application will remain confidential at all times;
- It may be a pre-condition to the approval of the Chronic Medication Benefit that I register and comply with the requirements of a Disease Management Programme and that non-compliance may lead to the withdrawal of this benefit;
- My (or my minor dependant's) doctor retains the responsibility for my (or my minor dependant's) condition, based on the understanding that I (or my minor dependant) also has a responsibility towards my (or my minor dependant's) own health concerns, irrespective of the outcome of this application.
- This funding authorisation is at all times subject to the Scheme rules even if a member's circumstances change after the authorisation is provided. This authorisation is not a guarantee of payment.
- This funding authorisation is based on the most appropriate clinical criteria in terms of the Scheme rules and protocols. All treatment decisions remain the responsibility of the of the beneficiary's health care provider irrespective of the funding decision made in terms of the Scheme rules, clinical criteria and protocols.
- PROVIDENCE shall not accept responsibility for any act, errors or omissions, loss, damage or consequences of individual responses to the treatment authorised or not authorised for funding by the Scheme.

**N. HOW THE CHRONIC BENEFIT WORKS**

The Chronic Benefit includes cover for medication from a specified list of chronic conditions which is in accordance with the Scheme option. These conditions have been selected according to clinical and actuarial criteria.

**Chronic Disease List** - The Prescribed Minimum Benefit regulations require that medical schemes cover the diagnosis, medical management and medication for a specified list of 27 chronic conditions known as the Chronic Disease List. All such ailments meeting approval criteria will be authorised under the PMB Chronic Medication benefit.

**Extended Chronic Disease List** - Certain medical scheme options provide cover for an Extended Disease List which includes some 46 additional chronic conditions. All approved medication will be paid up to the benefit limit on the respective plan. All such ailments meeting approval criteria will be authorised under the Extended Chronic Medication benefit.

The PROVIDENCE PBM (Pharmacy Benefit Management) team will authorise an amount for all approved chronic conditions. The approved amount (PCV – PROVIDENCE Chronic Value) is determined based on the treatment protocols for all levels of treatment for each condition. The PCV is the maximum Rand amount that will be approved for the class/category of each drug that is authorised
